// WHO YOU'D WORK WITH

Ben Hawksworth. Human first, always.

Founder of 1titanom.ai, 12 years in business. The AI is just the engine. Ben directs every build one to one, and everyone he works with has him on WhatsApp.

// WHO IT'S FOR

- **You're the engine.** Every important call still lands on you.
- **You want to know, not guess.** Data, a system and a clear next move behind every decision.
- **You're ready to build.** Not a magic button. A real operating system you own.

// THE PROGRAMMES

One system. Sized to you.

TitanOS and PropelOS are done for you AI system building. The only difference is who you work with. SmartScaleOS gives you the system and the group, with 1-1 support from Ben all the time.
